Fastskin Kickfin

Train smarter with the Fastskin Kickfin. Created using insights from world-class Team Speedo athletes, sports scientists and global experts in hydrodynamics, the Fastskin Kickfin is our best-fitting fin yet and features a unique foot pocket designed using 3D foot scan data. Short dual rail blades capture more water during your kick for greater propulsion, while the fin is 40% lighter than our closest competitor for faster turns.

Features

- Uses 3D foot form scan technology to create Speedo's best ever fitting fin, maximising comfort and power transfer from greater overall foot contact- so you can swim faster with less discomfort for longer
- Short dual rail blades capture more water during the kick, giving enhanced energy transfer from your kick to the water compared to a flat fin, resulting in greater propulsion
- Dual material construction makes the fin 40% lighter* for faster turns and reduced hip flexor soreness* vs nearest competitor fin

Fury Training Fin
8-121070006 Grey

4 899 pyб.

12+

Fury Training Fin

Unlock your speed and power wearing the Fury Fin. Ideal for drills, kick sets and endurance training, the Fury Fin increases your propulsive power and speed. Dual-rails on the side of the fin provide propulsion on the up and down beat of the kick, so you can dial in your kick technique. Meanwhile, the added resistance forces your leg muscles to work harder, helping to improve strength and endurance. Created using 3D foot scans for a better-fitting foot pocket.

Features

- Made from pliable 100% silicone. Material construction allows for greater propulsion and requires a powerful kick to unlock the Fury fin potential
- Textured top panel, with gloss finish and grip on bottom
- Foot pocket built from 3D scans for a better fitting fin

Kick Board
8-01660G063 Fluro Tangerine / Blue Flame

2 299 pyб.

NEW 12

Kick Board

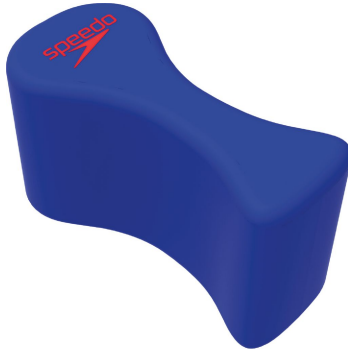

Nail your kick technique and build leg strength. Ideal for technique sessions, the Kickboard puts the focus on your lower body, providing buoyancy so you can focus on perfecting the kick phase of your stroke. Without your arms for assistance, the lower body has to work harder to propel you through the water, which helps build leg strength and muscular endurance. Contoured for comfort, the kickboard includes grip holes for a comfy swim experience.

Features

- Grip holes increase grip
- Contoured for extra comfort
- Kick technique - increasing buoyancy isolates your lower body, leaving you free to focus on your kick technique.

Pullbuoy Foam
8-01791G063 Fluro Tangerine / Blue Flame

2 199 руб.

Pullbuoy Foam

Work harder and dial in your arm technique with our classic Pullbuoy. Designed to isolate the upper body, the pullbuoy adds buoyancy between your legs so you can refine your arm pull and improve your stroke technique. Without your legs to power you, your arm and shoulders take the load, improving upper body strength and endurance as you swim. Use it to improve your body positioning for better speed and efficiency.

Features

- Improved comfort and rounded design
- Ideal for learning new drills and technique work
- Arm strength - A Pullbuoy can be used with any stroke to isolate the muscles in your upper body, forcing them to do the work of propulsion, increasing arm and shoulder strength.

Fabric Description:	Hardgoods
